- [1] On 15 November 2018, Justice Martin ordered that this proceeding and Brisbane Supreme Court proceeding 7044 of 2018 be heard together in relation to the issue of liability only. The claim in each proceeding arises out of the same two-vehicle motor accident on 2 July 2015, in which the plaintiff in each proceeding was the driver of one of the vehicles and the first defendant in each proceeding was the driver of the other vehicle (and so the plaintiff in the other proceeding). The second defendant in each proceeding is the third party insurer of each first defendant.
- [2] The hearing on liability only was conducted on 5 May 2020. The same parties and the same issues were involved in each of the proceedings. At the hearing, each plaintiff proposed to call witnesses and adduce documentary evidence on which it would rely not only to advance its claim but, logically, to defend against the claim of the other plaintiff. Each party had an opportunity to cross-examine any witness called by another party. In the circumstances, by consent, I directed at the outset of the hearing that the evidence given in each proceeding would stand as evidence in the other proceeding, and that each party could rely on the evidence given, whether in one or the other proceeding.
- [3] After the order was made, Counsel for each of the plaintiffs called witnesses, who were cross-examined, and tendered photographs, sketches and two written statements.
- [4] For the reasons given in *Harris v Manton & Anor* [2020] QSC 101, I find that the motor vehicle accident on 2 July 2015 occurred as a result of the negligence of the first defendant Mr Harris, while driving the Mazda utility with registration number MCH 97 (the **Utility**), in crossing into the lane in which the plaintiff Mr Manton was travelling in a Mitsubishi Pajero Wagon with registration number 458 GLW (the **Pajero**), when it was unsafe to do so, and without giving way to the Pajero. I am satisfied on the evidence and so find that the Pajero did not move out of the East-bound lane of the road at any time before it collided with the Utility and that the collision occurred within one or two seconds of Mr Harris in the Utility crossing into the East-bound lane.
- [5] It follows that I find that Mr Harris breached the duty of care he owed to Mr Manton, as a fellow road user, causing the Utility to collide with the Pajero at approximately 7:40 am on 2 July 2015 near 240 Bribie Island Road, Caboolture. There was no negligence on the part of Mr Manton that caused or contributed to the collision. The collision occurred in the East-bound lane of Bribie Island Road.
